Referentielijst alliantiebevordering

Dit is de referentielijst behorende bij deelstudie 2 van de Internationale Kennisupdate Algemeen Werkzame Factoren in de Zorg Voor Jeugd: Alliantie-, cliënt- en professionalfactoren (Onstenk, Peelen, Hilbrink, & Van Hattum, 2021). De onderzoeksvraag luidde: *Wat is het wetenschappelijk bewijs voor alliantiebevordering in het jeugddomein, in de periode 2013-2021?* Deze referentielijst bevat de referenties van de gevonden artikelen over alliantiebevordering. In deze lijst zijn niet alleen de voor deelstudie 2 gebruikte meta-analyses en reviews opgenomen. Ook de gevonden originele studies die uitgesloten zijn in de selectie staan in deze referentielijst vermeldt. Voor meer informatie wordt verwezen naar de rapportage en het review protocol van de Internationale Kennisupdate Algemeen Werkzame Factoren in de Zorg Voor Jeugd: Alliantie-, cliënt- en professionalfactoren.
